

Community Quilts Membership Quilt Reimbursement Program

1. All quilts must be complete and ready to be donated by the committee.
2. Quilt tops can be brought to a community quilt tying get together to be tied by the member but must be bound, backed, batted, and labeled by member.
3. This form must accompany a completed quilt.
4. Payment to member is only after quilt is complete.

Sizes and Reimbursement Amounts

1. Baby	at least 36x42	\$15.00
2. Kid	at least 45x65	\$25.00
3. Double/Queen	at least 72x92	\$45.00

During the year, the committee may have to stop receiving specific sizes of quilts depending on the needs of the community. We will attempt to give everyone as much notice as possible in the newsletter.

Completed quilts should be brought to the OCQG general meeting and given to the designated community quilt committee member during the table walk, break, or after the meeting. This completed form will be pinned to the donated quilt and taken to the monthly community quilt committee meeting. At the community quilt committee meeting, a determination will be made by the committee of where the quilt shall be donated. This form will then be given to the OCQG Treasurer who will create a reimbursement check. Unless the maker has provided a stamped, self addressed envelope, the reimbursement check will be available for the maker at the next OCQG meeting or other pre-arranged time.

- Quilt tying workshops will be scheduled by the committee during the year. Watch your newsletter for dates and times.
- If a member makes a quilt during a workshop with committee fabric and completes it (provides the backing, batting, binding and sews on the label); the member will be reimbursed under the program guidelines.
